

About

AliWood are the experts in Aluminium Wood look products. We've created many innovative aluminium systems finished in a durable woodgrain look or powder coat finish. Our team is constantly searching globally and looking ahead to bring new designs for future projects and innovative concepts for a variety of building requirements. This is portrayed through our bespoke approach with samples, consultancy services and much more. Our products are purpose-built for each application, and are created for easy installation, minimal maintenance and amazing aesthetics! The AliWood range includes Cladding, Screens, Louvres, Sound Barriers, Fencing, Decking, Gates, and more.

As an Australian owned company with over 13 years' experience, our capabilities ensure that your product is designed and delivered to your exact requirements.

Team

We have a highly skilled team with a wealth of experience to understand your exact requirements, from concept to completion and beyond.

Design & Estimating

We take the time with all our clients to listen to your ideas, needs, requests and issues, then effectively communicate with our design team. We'll do everything we can to ensure your project runs smoothly and cost effectively. Email us today to request an estimate for your project! enquiries@aliwood.com.au

Commitment

At AliWood, we are passionate about what we do. We are committed to delivering a quality, well finished product and giving each client sound advice and the best value. We understand the long term impact of providing the right solution for our clients. As an organisation, we remain committed to delivering quality outcomes with long-term benefits for our customers.

Samples

AliWood run an efficient samples library stocked with our full range. We use overnight express and generally deliver samples to your door within 24-48 hours. Custom samples are available on request.

Transport

We are a nationwide company and regularly ship to all states of Australia and beyond.
